

Grand Haven Board of Light & Power

J.B. Sims Generating Station

2018 Annual Fugitive Dust Control Report

This annual fugitive dust control report has been developed to describe the actions taken by plant personnel or contractors to control CCR fugitive dust, a record of citizen complaints and a summary of any corrective actions taken. The facility routinely sprays water in areas where loose, dry CCR material is present by means of an AARF (Aircraft Rescue and Firefighting) Truck, irrigation system and/or fire hosing. Records of water usage dates and times are attached.

Citizen Complaints

There were no citizen complaints in 2018.

Corrective Actions

There were no corrective actions required.

This report was developed by personnel at the J.B. Sims Generating station in accordance with CCR regulations codified in 40 CFR part 257, subpart D.
